Creating Shared Futures

19-20 July: Hotel Taj Palace, Sardar Patel Marg, New Delhi

PROGRAMME - SESSION I

DAY ONE: TUESDAY, 19 JULY 2022

1115-1245 hrs **Building Financing Partnerships**

Durbar Hall

Infrastructure development remains critical for ensuring inclusive recovery and sustainable growth across Africa. While enhanced access to trade finance is important for Africa's long-term economic development and structural transformation, trade finance, though, remains a popular activity among banks in Africa. India Exim Bank's programmes such as Lines of Credit and Buyer's Credit under NEIA are playing an increasingly significant role in providing long-term export credit and financing development projects across Africa. To address the widening global trade finance gap, especially the short-term export credit, India Exim Bank has recently introduced Trade Assistance Programme (TAP), under which the Bank will provide support by way of various trade instruments to Indian banks engaged in international trade, by offering transaction-specific guarantees to cover payment risks on banks in developing countries. This session will explore various mechanisms of innovative financing to address constraints related to both long-term and short-term trade finance and finance for infrastructure and other sectors in Africa.

PROGRAMME - SESSION II

DAY ONE: TUESDAY, 19 JULY 2022

1115-1230 hrs **SERV Africa – Higher Education & Skill Development Partnership with Africa**
Mumtaz Hall

India's emergence as a knowledge hub with expertise in education and training can play a transformative role in harnessing Africa's most precious resource- more than a billion people of the continent, most of them young and looking for new opportunities. India, with its world-class higher education institutions and global education brands such as IITs and IIMs, is ideally equipped in partnering Africa in building higher education infrastructure and skill development in the continent. Over the last decades, India has been empowering Africans through a number of capacity building programmes under the ITEC scholarships, ICCR scholarships and other training programmes under IAFS-III. With the aspiration curve rising in Africa, India can take its partnership in the fields of higher education and skill development with the African continent to the next level.

PROGRAMME - SESSION III

DAY ONE: TUESDAY, 19 JULY 2022

1400 - 1515 hrs **Strengthening Value Chains in Agriculture & Food Processing Sector**
Durbar Hall

Amid the changing agricultural landscape in the continent and the Russia-Ukraine war sparking fears of food security for Africans, enhancing India-Africa collaboration in agriculture and food-processing sectors have acquired a note of urgency. Africa's food market growth is estimated to be of USD 1 trillion by 2030 and it translates to twice as much demand for food by 2050 in Africa. This presents an opportunity for stake holders to build and promote with Africa a sustainable partnership in agri-businesses sector. Africa's agricultural transformation needs strengthening of the value chains especially in the areas of in-farm mechanisation, irrigation, food processing technologies, inputs & nutrients, and agricultural research & development for which India can be a major partner.

PROGRAMME - SESSION IV

DAY ONE: TUESDAY, 19 JULY 2022

1400 - 1515 hrs Exploring New Frontiers for Indian Consultancy Industry
Mumtaz Hall

With a steady growth in Indian investment in Africa and India-assisted projects under Lines of Credit, there is a compelling case for increasing involvement of consultancy services and consultants for project management and execution in Africa. Value-added consultancy services are not only needed to explore opportunities, prepare DPRs and feasibility studies, but also to chart time-bound action plan that can help accelerate execution of projects. This will help reduce delays in starting and completing the project, thereby preventing cost escalation. Indian consultancy services need to be promoted and encouraged due to their familiarity with the business and socio-economic landscape in Africa.

19-20 July: Hotel Taj Palace, Sardar Patel Marg, New Delhi

PROGRAMME – SESSION V

DAY ONE: TUESDAY, 19 JULY 2022

1530 - 1615 hrs **Creating Regional Production Networks (RPNs) for Common Markets**
Durbar Hall

Given the sheer size and diversity of Africa, taking a region-specific approach will help Indian companies harness complementarities of regional economies and markets. The Indian Government has concluded MoUs with RECS, including Southern Africa Development Community (SADC), Common Market for Eastern and Southern Africa (COMESA), Economic Community of West African States (ECOWAS) and Intergovernmental Authority for Development (IGAD). Developing RPNs will help increase value-added manufacturing and the consumption of African products, boost competitiveness and exports. Forging RPNs can also help in important substitution, thereby saving precious foreign exchange for various African countries. This session will explore how Indian companies can lock into RCEs and RPNs to optimise their returns from investment and leverage RPNs to set up high-end manufacturing in different regions in Africa. The establishment of AfCFTA has also paved the way for the development of intra-regional value chains.

- **H.E. Mr. Wamkele Mene**, Secretary General, **African Continental Free Trade Area (AfCFTA)**

PROGRAMME - SESSION VI

DAY ONE: TUESDAY, 19 JULY 2022

1530 - 1645 hrs **Co-creating Start-up Ecosystems – Ideas, Innovation & Enterprises**
Mumtaz Hall

India has the world's third-largest start-up ecosystem. Africa today has approximately 760 start-ups with a total investment of US\$4.9 billion. The African start-up ecosystem is fast growing, capturing the attention of digital entrepreneurs and global venture capital funds that have recently turned their focus away from "help" and toward "doing business" on the continent. India-funded incubators in Africa have aided in the development of successful SMEs, the creation of jobs, and the strengthening of local and national economic systems. In the context of a developing entrepreneurial ecosystem, this session will look at how India and Africa might improve collaboration through facilitating funding, knowledge capital, and market prospects for both sides

PROGRAMME - COUNTRY SESSION

DAY ONE: TUESDAY, 19 JULY 2022

1530 - 1630 hrs Republic of Zambia
Jahanara Hall

Economic relations between India and Zambia have acquired a new energy and dynamism over the last few years. Bilateral trade has exceeded \$1 billion, making Zambia among India's major trade partners in Africa. Indian investments in the country is estimated to be over \$3 billion. Major investment worth around \$4-5 billion are in the pipeline. Zambia's strategic membership of three Free Trade Agreements (FTAs – COMESA, SADC and Tripartite FTAs – has enhanced attractiveness of Lusaka for potential Indian investors. Capacity building and training remain sturdy pillars of economic and development partnership between the two countries. This session will look at how to scale up Indian investment in emerging sectors such as building roads, railways, metros, air services, setting up multi-specialty hospitals, and setting up satellites for economic use.

DAY ONE: TUESDAY, 19 JULY 2022

1700 - 1800 hrs Republic of Mauritius

Jahanara

The picturesque Indian Ocean island nation, has emerged as a financial hub and a gateway to Africa for India. Mauritius is the largest source of FDI for India, accounting for USD 155 billion between April 2000 and December 2021, representing around 27% of all FDI that entered India during that time. Mauritius is the first and only African country so far to have a CECPA (Comprehensive Economic Cooperation and Partnership Agreement) with India. Given cultural and business synergies, it's a perfect time for Indian companies to push the envelope and access opportunities in the African continent by taking advantage of the new African continental free trade agreement. This session will explore prospects of enhancing Indian investment in diverse sectors, including tourism, financial services, ICT, sugar, textiles, infrastructure and housing.

PROGRAMME - TRADE MINISTERIAL SESSION

DAY ONE: TUESDAY, 19 JULY 2022

1800- 1900 hrs Trade Ministerial Session – Building B2G Bridge
Durbar Hall

While businesses will drive the India-Africa economic partnership, the Governments of the day will have to step up to the challenge of providing an enabling policy framework for trade and investment to thrive. In recent years, economic and governance reforms in Africa has brought much cheer to investors. The launch of the African Continental Free Trade Area Agreement (AfCFTA), which commits countries to remove tariffs on 90 percent of goods and progressively liberalize trade in services, has fuelled hopes for the expansion of intra-African trade through better harmonization and coordination of trade liberalization among signatories. While these are hopeful signs, there are still issues relating to policy and procedural constraints that need to be addressed to scale up trade and investment. In this regard, enhanced B2G interaction between the government/policy makers and the business community will play a crucial role in taking the India-Africa growth partnership to the next level.

DAY TWO: WEDNESDAY, 20 JULY 2022

1000-1115 hrs Building World Class Infrastructure for Economic Growth
Durbar Hall

With the continent looking to navigate economic recovery on its own terms, the demand for high-quality and sustainable infrastructure is growing by the day. According to the African Development Bank, the continent's infrastructure financing needs will be as much as \$170 billion a year, with an estimated gap of around \$100 billion a year. India has emerged as the preferred provider of high-quality and sustainable infrastructure to various African countries, with 211 Line of Credits (LoCs) amounting to \$12.85 billion extended to various African countries. The India-supported infrastructure projects span diverse sectors such as power plants, hydroelectricity, power transmission & distribution networks, dams, roads, railways, ports, agriculture & irrigation, industrial units, skills development and civil construction etc. New sectors such as telecommunication, defence and solar have also been included under the Government of India LoCs to Africa.

PROGRAMME – SESSION X

DAY TWO: WEDNESDAY, 20 JULY 2022

1000-1115 hrs **SERV Africa - IT / ITES industry**
Mumtaz Hall

India's ongoing digital transformation has direct relevance for Africa's digital empowerment and economic prospects. India is ready to share with its African partners technology and know-how relating to the successful launch of Aadhar, the world's largest biometric digital identification program. Digital identity can help promote good governance and delivery of social benefit programmes in African countries. Currently, India's digital economy generates about \$200 billion of economic value annually. The launch of e-Vidya Bharti and e-Arogya Bharti network in 2019 on tele-education and tele-medicine underscores far-reaching possibilities of digital empowerment. Newly digitising sectors in Africa, including agriculture, education, energy, financial services, healthcare and logistics can enormously benefit from India's experience in upgrading and innovating digital economy.

PROGRAMME – SESSION XI

DAY TWO: WEDNESDAY, 20 JULY 2022

1130-1245 hrs **SERV Africa - Healthcare & Pharmaceutical Sector**

Durbar Hall

India has been the third-largest investor in Africa's healthcare sector during the period 2010 to 2019, accounting for a share of 19%. The cumulative global investment in Africa's healthcare sector during this period was \$1.1 billion, with India accounting for \$210 million. Almost 20% of India's pharmaceutical exports, valued at US\$ 17 billion, are to Africa. In the context of the vaccine inequity in the continent and growing pressure on the public health system, this session will look at ways to enhance collaboration between Indian health care providers and African partners in areas such as capacity building, establishment of hospitals and investment in telemedicine.

PROGRAMME – SESSION XII

DAY TWO: WEDNESDAY, 20 JULY 2022

1130-1215 hrs **India Development Initiatives: The Harambee Factor**
Mumtaz Hall

India's economic and development partnership with Africa is well established and has attained success with widespread cooperation over all regions of Africa. This sense of partnership is now termed the Harambee Factor, after a new book on the India Africa Economic and Development Partnership, authored by Ambassador Gurjit Singh. The book lays out many dimensions of the India Africa partnership over the last two decades, including the evolution and success of the CII India Africa conclave. The book has detailed studies on how India's economic partnership on trade, investment and the like has worked with Africa. This session at the India Africa conclave will specifically address the deep analysis from the book and its suggestions from the author.

PROGRAMME – SESSION XIII

DAY TWO: WEDNESDAY, 20 JULY 2022

1400 -1515 hrs **Collaboration for Energy Security and Harnessing Alternative Sources**
Durbar Hall

Accelerating energy partnership is the next frontier of growing ties between India and Africa. Renewables will play an important role in Africa's energy mix, with more than 25 percent of Africa's total energy coming from renewable energy – solar, hydro, geothermal and wind – by 2040. According to World Bank, if sub-Saharan African economies had dependable access to electricity, the GDP growth rate across the region could be up to 2 percent higher per annum than current rates. In this context, India's growing prowess in renewables can play the role of a force multiplier for the continent's green growth. Enhancing green energy collaboration between India and African countries through joint ventures and technology ties hold the key to advancing eco-friendly growth and promoting sustainable development across the continent. This session will explore different ways of enhancing energy collaboration between India and African countries across the spectrum.

PROGRAMME – COUNTRY SESSION

DAY TWO: WEDNESDAY, 20 JULY 2022

1400-1500 hrs **Republic of Gabon**
Mumtaz Hall

Improving political stability and infrastructure have made the resource-rich Gabon an attractive investment hub in Central Africa. Accelerated diplomatic outreach to the oil-rich country, as evident from the recent visit of Indian vice-president to the country in June this year, has refocused the attention of India's business community on Gabon. Oil, mining and forestry are three major focus areas for Indian investment in Gabon. Gabon Special Economic Zone, an emerging West Central Africa's manufacturing hub, has already attracted around 50 Indian companies, and there is space for more. Gabon plans to create 187 million carbon credits and sell half of them on the offset market. This session will look at the growing engagement between India and Gabon and will help identify high-growth sectors such as mining and oil prospecting for scaling up Indian investment in Central African country.

PROGRAMME – COUNTRY SESSION

DAY TWO: WEDNESDAY, 20 JULY 2022

1400-1500 hrs **Republic of Namibia**
Jahanara Hall

Bolstered by political stability and accelerated economic recovery following the coronavirus pandemic, Namibia is set to attract more foreign investment in coming months. The resource-rich country is endowed with uranium, diamonds, copper, phosphates and other minerals. There is high demand in India for Namibian diamonds. Indian enterprises have also invested in energy, healthcare, agriculture (irrigation), diamond cutting and polishing, and retail industries. Given growing economic synergies, there is a compelling case for doubling bilateral trade (estimated to be around \$251 million). This session will explore prospects of enhancing trade and investment between India and Namibia in sectors such as energy, infrastructure, agriculture and health.

PROGRAMME – VALEDICTORY SESSION

DAY TWO: WEDNESDAY, 20 JULY 2022

1530-1615 hrs **Way Forward**
Durbar Hall

The India-Africa partnership will become increasingly more important not just for economic resurgence of the two regions, but also for the world at large. The session will focus on advancing manufacturing resurgence and forging of resilient supply chains in the continent. The session will also take a close look at prospects of India negotiating mutually beneficial FTAs with African countries and Regional Economic Communities. As India takes over presidency of G20 towards the end of 2022, India has an opportunity to place Africa on the agenda and explore prospects of plurilateral and multilateral partnerships to enhance India-Africa economic relations.
